Newark, N. J.

Dear Mrs Manley:

Enclosed please find an itemized statement of the expenses that I have found it necessary to incur in carrying out my duties.

You will also find copies of the schedule for the first half of the season as well as a clipping from the N. Y. Times relative to the league meeting and I make it a point to send releases to all of the papers as well as the AP, UP and Ins.

I would like to have a complete history of the Eagles as it would be very helpful in my work from time to time and besides I should know everything about all of the teams.

Please file your club roster with me at your earliest convenience.

I will get some stationery made with the league heading.

The minutes of the last meeting are also enclosed.

Very sincerely yours,

Curtis A. Leak
